## News From Your TOWN HALL

Miss Helen Ratley, stenographer in the office of the Town Clerk, has been asked why she quit her job at the City Hall on numerous occasions since last week, which is proof that the Herald is read.

Miss Ratley hasn't quit her job; she was filling as best she could two jobs; that of Assistant Clerk and Stenographer; water clerk and whatever came to hand. Miss Taylor is filling the Assistant Clerk's job and handling the water works, while Miss Ratley is still steno, with a roving commission.

The three of them, Dutch, the Clerk, Miss Ratley and Miss Taylor all have their hands full. It's a job to do all the work and try to be pleasant with everyone who wants to do business with the Town.

Reports and discussions at the meeting indicate that the Water Works job is going ahead, and the public should see some action in about ninety days. It will take that much time for the engineers and the legal folks to get to the point of letting a contract and having money on hand to pay the contractor with.

There's a lot of work done in the office, on the drawing table to get ready to really make a showing.

Chief Bill Mock reports that the one hour parking rule that has been instigated is a lot of help to the merchants and to their customers. If you can't park on main street or Avenue A and let it stay all day, the customers can get a place when he comes along.

There are 66 parking spaces on Fifth street for the gathering of bean pickers and applications are coming in continuously. Indications are that something well worth while will come of this effort to handle bean pickers in the early morning.

A carnival is now and here opened. The Town Fathers visited it Wednesday night. No report is available as to their reaction to what they saw, nor is there any definite report as to what they saw. Before we go to press there might be some report as to a local organization sponsoring the carnival.

## Firemen To Sponsor Ten Day Carnival

Chief L. E. Will of the local Fire Department announces that his department will sponsor the carnival which is to be held west of the business part of town for a period of ten days.

Firemen will be on the job each night to assist in maintaining order and to assist in the taking of tickets.

The proceeds from the Firemen's Carnival will be turned into the uniform fund of the organization. There is some money in the treasury at present time, but most of that is for a retirement fund for the volunteers.

## Wave Recruiting Is Restricted

Jacksonville, Fla., Oct. 13—It was "Business as usual" at the WAVES recruiting station throughout Florida today, but young women who want to join are apt to find they must wait their turn in entering the service.

The Navy has clamped down on the wide-open enlistment plan by placing each state on a limited quota basis for October and those who come first "Will be served first."

Announcement of the limited quota plan came from state headquarters of Navy Recruiting and Office of Naval Officer Procurement here.

No official figures were released, nor was there any report on how many would be accepted from the various recruiting districts throughout Florida under the breakdown of the state quota.

Neither would Navy officials make any comment on the possibility that the quota would be reduced further after this month.

The limited quota program was attributed to the success of the WAVES recruiting program with hundreds of Florida girls now on duty with the Navy from coast to coast.

## Spurt In Fourth Noses Out Gesu For Win Record

No Loss This Season Is Record Maintained By Rejuvenated Locals.

A charging line, better blocking and tackling in the fourth quarter carried the Rams to a win over Gesu in what looked for a while as another one of "them things" where Belle Glade is left holding the bag on the little end.

Kirman, ninth of the clan, got worried about the little boys from Miami playing hinkles with the ball behind the line and decided to do something about it. So off he went with a determination that brought him three successive tackles and spears that disconnected the visitors' backfield. A pretty piece of work on his part ended in his engaging three would be "takers out" on the end and his final dumping of the ball carrier bocoup yards behind the line of scrimmage. Twice again he bored in, instead of waiting to watch the gymnastics of the ball handlers and downing the ball carrier before he had finished his whirlwind gymnastics preliminary to a take off.

The line backer-up also decided that the fast, elusive line wriggling star of the Catholics had best be stopped behind the line of scrimmage and tossed him for a substantial loss. Then Cherry tucked the ball under arm and trotted over for a touchdown and Lutz carried the ball over for the extra point.

This South Broward County outfit carrying the name of Dania High School has a lot of boys from Hollywood and is rated a good team in our league.

Coach Cook is working the boys hard this week stressing tackling and blocking as well as offensive and defensive plays.

The local boys have made up their mind they will not let the visitors to play "pass" with the ball behind the line before going into action, as they did in first quarters of the Grey game, but the boys are working to the end of eliminating a majority of these.

The Dania team outnumbers the local boys, but ours will make up for numerous substitutes with stickability and effective work.

The game should be one worth watching. It is called at 4:15, with the following starting line-ups:

DAANIA	LE	Smith
Giggins	LG	La Croix
Lloyd	LT	Aycock
Pike	LG	Gregory
Harris	C	RG
Jeffries	RG	Murrelle
Waddell	RT	Wilkinson
Kirchman	RE	Hill
Reed	RHB	Bluff
Cherry	LHB	Taylor
Wedgworth	QB	Mattis
Lutz	QB	Gifford

First President H. Wedgworth, first president of the local chapter of the BPWC, operates a 1700 acre farm, a fertilizer mixing plant, one of the largest from the various trucking lines in the Glades and is a bank director.

She has a daughter married to a Lieutenant in the U. S. Army.

Tommy Weathers, Coxswain of the U. S. Coast Guards has received a medical discharge after 22 months in the service. He was stationed at West Palm Beach with Company "A", then transferred to St. Augustine.

LT. ARNOLD FRAZIER, Sunny Fraser, as he was known here while employed by Simmons Electric Company, has graduated from the Chemical Warfare School at Edgewood Arsenal, Mo. Some of the studies of this course were protective clothing, decontamination, treatment of gas casualties, and chemical warfare material and tactics. Sergeant Fraser will now serve as non-commissioned officer in chemical sections for his organization.

## An Important Duty Of Every Woman Is To Vote

### PROCLAMATION

STATE OF FLORIDA  
Executive Department, Tallahassee

WHEREAS, the women of our nation are taking an increased and helpful part in the affairs of their country, and are demonstrating their ability for leadership, and

WHEREAS, the custom was established some years ago that proper observance be given to the activities of the National Federation of Business and Professional Women, through the designation of a period at "National Business Women's Week", and

WHEREAS, the National Federation of Business and Professional Women's Clubs, Inc. is represented by 80,000 members serving with 1700 clubs in the United States, Alaska, and Hawaii; and

WHEREAS, the organization is non-sectarian and non-partisan, being made up entirely of self-supporting women, and its aims and objectives are the raising of standards of women in business, and

WHEREAS, an objective adopted by the organization prompts the conduct of an adult education program for the study of social, economic and political conditions throughout the world, and undertakes to train women to accept their full responsibility as citizens.

NOW THEREFORE, I, Spessard L. Holland, by virtue of authority vested in me as Governor of the State of Florida, proclaim the period from October 8 to October 15, inclusive, as

NATIONAL BUSINESS WOMEN'S WEEK in Florida, and call on all our citizens to aid and encourage this fine organization in its laudable plans and objectives.

IN WITNESS WHEREOF, I have here set my hand and caused to be affixed the Great Seal of the State of Florida at Tallahassee, the Capital, this 6th day of October, A. D. 1944.

(Great Seal of the State of Florida.)

SPESSARD L. HOLLAND,  
Governor

## New Basic Gas Book Soon To Be Available

Chairman Hubie Chambliss of the local Price and Rationing Board announces that new basic gasoline rationing books are soon to be ready for issue.

In order to make it easier for the public blank forms for applications are at filling stations and at Murphy's Gas store.

You are asked to fill in the application and attach your old book bearing the signature of the applicant. By having these come in intermittently until issuing day, there will be less confusion and loss of time.

The number twelve ticket will not become effective until the eleventh evening November 7th, while the new books become effective on November 8th.

Save time and wear and tear on your patience by filling out your application before the last minute.

Mrs. Edna Giles Fuller To Speak

Mrs. Edna Giles Fuller is to speak at the Community church on Tuesday night, October 17th, at 8:30. Her discussion will be of great interest to both men and women, and all are invited to attend. Mrs. Fuller is from Orlando, but is well known throughout the State for the very active part she has taken in Florida's legislative history. She and Mr. Millard Caldwell were members of the Florida State Legislature during the same period.

Mrs. Fuller is State Legislative Chairman for the both the Woman's Club and the Business and

Professional Women's Club and these Clubs will be joint hosts on Tuesday night and during the time Mrs. Fuller is in Belle Glade.

## Posterity Of Ritta Brand Assured By Appearance Of Her

Two sets of grandparents were grinning proudly Thursday night because of the appearance in Ft. Pierce of Robert Young Creech III.

With reports to the contrary not in evidence it was assumed that the mother, the former Nancy Hooker was doing fine and the latest heir apparent to the Ritta Brand wasn't worrying any.

However, the father, Robert Y. Jr., was having his troubles. He was notified by phone at his post in Ft. Myers where he is giving high altitude tests and members of the air corps that his son had arrived. Grabbing the old jalopy, he tore out for Ft. Pierce via Belle Glade, only to be stopped the second time by a blowout.

Grandpa Creech hurriedly crated up the family car and hied himself to the county line to congratulate son Robert and turn over the motor buggy to him for the trip to Ft. Pierce.

"Now don't floorboard that thing Robert," says the Old Man, "cause them sympathies crats so reliable."

Up to press time no word has been heard of the soldier-father of the latest hope of Ritta Brand.

HAVE YOU REGISTERED?

## Federal Farm Bureau Meets Here Monday October 16 At 8 a.m.

Jess Elliott, Secretary of the Federal Farm Bureau chapter of the local Chapter, today said that despite the use of Jamaicans and German war prisoners, the shortage of domestic labor still constituted the No. 1 problem of Florida's farmers.

The company is using some 350 German prisoners in agriculture which maintain an effective lobby in Washington to ride herd on the law makers and to keep the farmer from being smothered with trifling legislation.

A F. Swift, field Secretary of the State organization will be present, as will Red Mounts to point out the many advantages of an active chapter in the Glades.

The Farm Bureau is one of the big four national farm organizations which maintain an effective lobby in Washington to ride herd on the law makers and to keep the farmer from being smothered with trifling legislation.

Florida has several thousand members in several score chapters throughout the state.

## Labor Shortage Is Problem Of Farmer

Clewiston, Fla.—With preparations under way for the approaching harvest season, Jay W. Moran, executive vice-president of the U. S. Farm Bureau of Florida, today said that despite the use of Jamaicans and German war prisoners, the shortage of domestic labor still constituted the No. 1 problem of Florida's farmers.

The company is using some 350 German prisoners in agriculture which maintain an effective lobby in Washington to ride herd on the law makers and to keep the farmer from being smothered with trifling legislation.

"While their work itself is satisfactory," he said, "their hours are strictly regulated by international convention which means that they are available for fewer hours than free workers. For that reason, as well as problems incidental to housing, we do not contemplate seeking more of this type of labor."

"I don't surely use some Florida sunshine now. The Dutch people like the Belgians and the French seemed very glad to see us and lined the streets waving home made American flags and giving out free beer and mooning cigarettes. The Dutch towns are quite modern and the homes and streets are spotless. There seems to be a bumper crop of side here too. I have never seen so many, even more than they have in France. Paris and Brussels are nice places that I have seen since I left the States, however I would much rather see Belle Glade."

PVT. FRED STRICKLAND, Private Strickland has returned to Ft. Leonard Wood, Mo., after spending a ten day furlough here with relatives.

CPL. LELAND KEENE, Corporal Leland Keene, son of Mrs. Anna Keene, formerly of South Bay, has won the right to spend two days and nights in Paris and believe me I really enjoyed that. Like tourists, I saw the Eiffel Tower, the Arc de Triomphe, the Louvre, the National Opera House, the side walk cafes and many other places of interest that I will tell you about when I get home. Have also been through St. Lo and most of the places that have been in the news. Some of it has been interesting and some pathetic, most of all though it has been destruction.

## Early Bean Picking Runs Afoul Of Hot Weather In North

### Pahoek and Belle Glade Having An Intercity Meet

Following a national program of Rotary to have intercity meetings, Pahoek and Belle Glade are meeting today at the Country Club with the program in charge of John Carter of West Palm Beach.

The theme of the program will be cooperation for mutual benefit, stressing the progress away from petty jealousies and bickering between small communities, and cooperation with larger towns of the County for the good of all.

H. K. Skinny Lewis, attorney for the Port of Palm Beach, and Joe Harless, Chairman of the RPB County Zoning Committee, will talk. Both gentlemen will stress county wide efforts.

A master plan for county road building and upkeep will be discussed during the meeting.

### Water Line To Prison Farm Soon Completed

It is expected that within ten days or two weeks the Prison Farm will have Town water available through a six inch main line now being laid.

Arrangements for this extension under an agreement similar to that in force with the U. S. government and the Experiment Station were made by Commissioner Mayo and Mayor J. K. Baker.

Beside making provisions for future expansion of the Farm's number of prisoners, the sugar and syrup mill will use considerable amount of water.

Because many seed beds have suffered ravages of disease, but definitely more acreage is planned for the fall deal. About 25 to 30 acres will be available this harvest season.

It is hard to tell just how the jump in planted acreage is being put over last—as a matter of fact about a 100 per cent jump. It is reported that better than 185 cars of seed potatoes have been brought into the Glades, figuring from 25 to 30 acres per car, will give close to 5,000 acres for the fall deal. About 25 to 30 acres will be available this harvest season.

## Local Markets Only Decent Price For Earliest Beans

One farmer picked less than a hundred beans last week and was fortunate in selling them to local markets for about \$2.00 each, the deal being handled by Pete Suran.

Some growers came from the broker who handled the first full carload shipment to leave the Glades, but it is reported that a car or two sold for a fair price at Canal Point.

Professional estimators give out that about 30,000 acres of beans are in the ground at the present time. This statement along with natural happening will give the Glades somewhere between 35 and 38,000 acres for the fall season. This is about 10 to 15 per cent under the fall plantings for last fall.

Potatoes have taken quite a jump in planted acreage in the past year over last—as a matter of fact about a 100 per cent jump. It is reported that better than 185 cars of seed potatoes have been brought into the Glades, figuring from 25 to 30 acres per car, will give close to 5,000 acres for the fall deal. About 25 to 30 acres will be available this harvest season.

### Double-Duty Outfit Is Chic for Farm and Saves War Bond Dollars

More and more women and girls will help on the home front this summer by joining the crop corps. The problem of practical clothing for farm work is solved by these overalls of sturdy denim. They are smoothly cut, and can be worn either with or without a shirt. Do your share for victory by making them yourself and buying more War Bonds with your money saved. A suitable pattern may be obtained at your local store.

**U. S. Treasury Department**

Eugene McCabe was appointed chairman of the publicity committee.

Miss Mary Solick of Pahokee gave the program, reading "Mysteries of the Rosary" in observance of Rosary month.

to wear Wings and Boots of the United States Army Paratroopers. He has completed four weeks of jump training during which time he made five jumps, the last a tactical jump at night involving a combat problem on landing. Jumping has been steadily developed to a recognized war science and upon the completion of this training course troops are considered ready for actual combat service.

Corporal Keene has just returned to Ft. Benning, Ga., after spending a furlough with his family and is now awaiting orders to be transferred to his Port of Embarkation.

LOCAL MEN TO CROSS THE BURNING SANDS

Mahli Shrine Temple's initiation ceremony will be held tomorrow in West Palm Beach, according to Milo Coffrin, Illustrious Potentate, who announced full and complete plans for the occasion.

According to Coffrin, "Swartly Sons of the Desert" will descend upon Palm Beach early Saturday morning, from all directions of the compass. Caravans will form in the neighboring areas, including Jacksonville, Tampa, Miami, Ft. Pierce, Lake Worth, Ft. Lauderdale, the Lake area and other cities nearby. It is expected some 1500 Shriners and their wives will number those who will make the "Pilgrimage to Mecca" as West Palm

Beach has been officially designated. Emphasis is placed upon the second section of the ceremonial slated to begin at 4:00 o'clock, which symbolizes the trek of the Shriners across the burning desert. Already some 25 candidates seeking to learn the mysteries of the Shrine have expressed their intentions to embark upon this journey.

Coffrin added that for the duration the Shrine has considered that its work among the crippled children, in connection with which it maintains 15 hospitals throughout the country, Hawaii and Canada, requires as much time, attention and effort, if not more, than in normal times of peace. For this reason the Shrine's temples are holding ceremonies and accomplishing much for the Shrine's tiny charges.

All Shriners have been invited to attend all functions; the Fox and 1944 membership cards being the only requirements for admission, Coffrin also stated.

FIFTEEN POSITIONS

(Continued from page one)  
tem Council, according to Mae Grigsby, Merit System Supervisor.

The classes of positions embraced in the tests are clerical, typing, stenographic, accounting and operation of tabulating equipment. The beginning salaries range from \$95 per month to \$225 per month. Applications must be filed at the Merit System Office here, on or before midnight of November 4. Complete information may be obtained by writing the Merit System Office, P. O. Box 113, Gainesville, Fla.

Latter Day Saints Are Reorganized

Mrs. H. B. Walker has reorganized the Primary of the Church of Latter Day Saints for children between the ages of 4 and 12 at South Bay. The group

meets each Tuesday at 4 o'clock at the home of Mrs. Walker. Officers were elected at the first meeting last week. Mariens Walker was elected president, Byron Walker, vice president;

Ruth Warren, secretary; Catherine Cook, associate secretary; Pauline Walker, treasurer. Mrs. Walker teaches the group aged 9 to 12 and Ruth Warren is in charge of the 4 to 8 year olds.

NORMAN L. MILLER Owner and Manager

Is Your Son One of These Lucky Boys?

In response to the Builders of Tomorrow juvenile membership campaign conducted by Woodmen camps in July and August, 3,762 boys were enrolled.

Is your son one of these lucky boys who will participate in a total of over 3 1/4 million dollars of safe, sound, legal reserve Woodmen life insurance protection—an average of nearly \$300 each?

These 3,762 boys also will get the same "protection plus" benefits all Woodmen enjoy. From 8 to 16 years old, they may be members of Boys of Woodcraft and take part in B.O.W. fraternal programs for training and self-development in citizenship, and in B.O.W. social activities from which they will derive much pleasure and benefit throughout the years ahead.

If your son is not yet a member, ask the local Woodmen representative to explain how he can become a member and start building his financial security while enjoying the social and fraternal benefits of Woodcraft.

FLORIDA is unbelievably rich in undeveloped resources. Its vast tourist trade is but one part of what is sure to become a balanced prospect of greatly expanded manufacture and transportation, of wealth creating agriculture and cattle raising.

Florida's post-war expansion in glass, plastics, ramie, and cosmetics—to name a few—can be measured only by the way in which we Floridians push their development. We are in on the ground floor . . . we must act and plan now. Florida Power & Light Company offers the co-operation of its staff of trained consultants to the communities it serves. Call on them any time.

## The B. & P. W. Club In Belle Glade

It is important to the growth of a Nation and a Community that the women feel a vital interest in all major and minor activities. In a land where men and women together strive to see into the future and co-operate in progressively bringing into reality a better humanity, living together in a better world—nothing is impossible!

Plans for the Youth of this Community are first on the calendar of activities and budgeting of the women of the Belle Glade B. & P. W. Club. They believe that, with a spirit of co-operation between the men and women, recreational and entertainment facilities can be provided for all to enjoy—that the young people of Belle Glade can be happy in and proud of the town of their youth, and will, therefore, return here to establish their homes, businesses and professions.

Realizing the urgent needs of the Chinese in their fight for survival, the Club is contributing to the National Fund for Medical Aid to China.

A new Statement of Principles "that we conduct an adult education program for the study of social, economic, and political conditions throughout the world and undertake to train women to accept their full responsibility as citizens," has been adopted by our National Federation. These principles have been incorporated in the local program planning, and, as a part of this plan, they will conduct a study within the Club beginning with the Fundamentals of our Government—National, State and Local.

Through this program of objectives, the Belle Glade Business and Professional Women's Club is seeking to become a more vital and constructive organization.

## Eight Amendments To Be Voted On In November Election

Within the United States live approximately 14,000,000 men and women who are eligible to vote and take part in their governmental administration, yet these 14,000,000 have never thought of their future seriously enough to register.

In Belle Glade on September 28, 1944, a study of the registration books revealed that, of those in our community who are eligible to vote, there were registered 687 men and 426 women. Are there any of those 14,000,000 non-participating voters in our community?

The largest percentage of eligible voters were polled in the recent Bond Issue. Of those women who were eligible AND REGISTERED, only 4 failed to vote. The record of the votes cast by the men showed as high as a per cent.

The election to be held on November 7th is of National importance, yes. But we of Florida are also being asked to express our opinion upon 8 amendments which will directly affect each of us through our Florida Constitution.

1. Limiting Taxation of intangible property to two mills.
2. Reapportioning representation in House and Senate after 1955.
3. Limiting Justice of Peace Districts.
4. Election of State Attorneys, Criminal Court Judges and County Solicitors beginning 1948.

5. To amend Section 12, Declaration of Rights in the Constitution by providing the right of persons to work shall not be abridged on account of membership or non-membership in any labor union or labor organization; and providing for the right of collective bargaining.
6. Uniform County and Municipal government.
7. Fixing tenure of appointees and electees who fill vacancies in elective office.
8. Reorganization of County Commissioner Districts and making term of office four years.

That we acquiesce ourselves with the full meaning of these amendments, by study and discussion with those men and women who are well versed upon these subjects, is of utmost importance to the citizens of Florida.

Go to the polls in November capable of intelligently casting your vote for or against all 8 amendments AND VOTE!

# ARE WE PART TIME CITIZENS?

## Our Greatest Privilege

"WE, THE PEOPLE OF THE UNITED STATES"—the People of a free Country—must open our minds and view clearly the privileges upon which our Nation was founded—the privilege for which we have fought, but, of even greater importance, for which we must live! ...Our past, our present, our FUTURE are based upon our individual and collective love of FREEDOM—and one of the greatest privileges we have as Americans is "free"—the right to vote.

Ours is a Government of the People, with public officers chosen from our midst and elected by us to represent us. The responsibility of honest and just representation rests upon them; BUT the

success or failure of our Governmental Administration depends upon whether WE, THE PEOPLE, are wholeheartedly interested in the affairs of our Community, State and Nation.

Today, WE, THE PEOPLE, the VOTERS of this Nation, are not facing the normal year to year issues or necessary changes. We are deciding the FUTURE of our Nation for generations to come. If we want and cherish democracy, we must want at the same time a world in which democracy can live. "WE, THE PEOPLE OF THE UNITED STATES," are responsible to the WORLD for existing, intelligently, the greatest of all our privileges—THE RIGHT TO VOTE.

REALIZING THE SACRED PRIVILEGE THAT IS OURS TO BE ABLE TO VOTE AND THE IMPORTANCE THE OUTCOME OF THE COMING ELECTION WILL HAVE ON OUR COMMUNITY, WE, THE INDIVIDUALS AND BUSINESS FIRMS LISTED BELOW URGE EVERY VOTER TO EXERCISE HIS GREATEST PRIVILEGE AS AN AMERICAN CITIZEN AND VOTE.

# NATIONAL BUSINESS WOMEN'S WEEK

KEEP FAITH with us—by buying WAR BONDS

Moves Office

N. N. Starling is moving his office from South Bay to the Industrial Center at Belle Glade where he will continue as vegetable buying broker. J. W. Strickland, secretary to Mr. Starling, will remain in that capacity but will continue to make his home in South Bay. The scales at South Bay will

be operated as in the past, Mr. and Mrs. D. D. Gaffney in charge of weighing. The scales have capacity to handle any all trucks and semi-trailers. Mr. Starling has been a vegetable buying broker and farmer in this vicinity for many years and was first to establish a modern packing plant with electrically driven bean belts and other labor saving devices. He was associated with the late A. O. Walker in the farming and selling under the name of the South Bay Growers and Distributors until he purchased the business from the Walker estate more than a year ago. Since then he has operated under the name of N. N. Starling.

American Flag Free For G. I. Funerals

Washington—Senator Charles O. Andrews has been advised by the War Department that for each member of our Armed Forces, regardless of his branch of Service, who has died in service, the Government provides an American Flag measuring 5'3" which is presented to his family. If the boy died in this country and his body was returned to his home for burial, the War Department presumes that the Burial Flag that accompanied the body was retained by his family. Those boys, however, who died overseas were buried where they died and in those cases a flag is available to their families upon simply filling out a brief application and presenting proof of death. The notice

Little Things About the Stars

By GEORGE LILEY

**NEW YORK, N. Y.**—Frank Sinatra makes more money in one week than the U. S. pays General Eisenhower in one month. The singer's earnings for 1944 will run to a million and a half. Tommy Dorsey cleared the big amount of \$25,000 U. S. citizens may keep this year during the first six months of the year. Dorsey would have made \$25,000 from March to January if it weren't for his hand.

There's some doubt if Bing Crosby will return to radio this fall until after the scheduled date—NBC, November 2—since he'll make no money out of it and can entertain service men instead.

MORE THAN A SONG

Crosby, incidentally, is tiring of the limelight. When he does get back to radio, he'll no longer be the familiar, chatty voice of the broadcast, an art in which he has become so proficient. He'll just sing. Sinatra, Wednesday night CBS radio sponsor, on the other hand, has high hopes of developing the swoon into the easy talking Crosby type, working through the program. Their ability to develop as personalities is being tested by Rudy Vallee through the years. They didn't rely just upon a song.

A white, 28-year-old lady hasn't missed a Fred Waring broadcast (Thursday, Blue) in five years. Nor has she failed to appear at any one of the band's one-day shows in a current eight-week run at a Broadway theater. The mother of the late Lieutenant Colonel in the South Pacific.

Morton Downey has memorized 500 songs and can learn the music and lyrics of a new one in less than 20 minutes. But he'll frequently ask what day it is. Waring, an equally absent-minded friend once told him that Tuesday instead of Wednesday, Downey's full day schedule was disrupted. from the War Department, Senator Andrews was told, received by the family is ample proof. Those families who have not received a flag may obtain one by filling out Form 2008 which can be procured from the nearest Veterans' Administration Office or the local Post Office.

BIBLE QUESTIONS ANSWERED BY THE VOICE OF PROPHECY INTERNATIONAL BIBLE BROADCASTERS

Question—Isn't it all right to seek good advice from good spirits? Answer—According to Isaiah 5:13, 20, the living are not to seek advice from the dead. "And when they shall say unto you, Seek unto these that have familiar spirits, and unto wizards that peep, and that mutter: should not a people seek unto their God for the living to the dead? To the law and to the testimony: if they speak not according to this word, it is because there is no light in them." Q—Do not the deposits in the ruins of the Mississippi River show that the date of Noah's flood must have been millions of years ago?

A—Mr. Benjamin Franklin Allen of Los Angeles has made a study of the time which the main rivers of the world have taken to deposit their deltas, and he has proved that the Mississippi delta is approximately only five thousand years old. Read the seventh chapter of Genesis.

Q—What Bible character had the longest name? A—Most likely Mahershalalhashbaz, mentioned in Isaiah 8:14. He was the son of the prophet Isaiah, and his name was given by God to memorialize great international events.

Q—Should a person who does not belong to the church take communion?

A—We might ask, Would anyone who is not a Christian desire to do so? The Lord's supper is the memorial of His death. "For as often as ye eat this bread, and drink this cup, ye do show the Lord's death till He come." 1 Corinthians 11:26. When it was instituted, Jesus was there, but it certainly did him no good. It is the Lord's supper, not ours. You, my friend, must make your own decision. "Wherefore whosoever shall eat this bread, and drink this cup of the Lord, unworthily, shall be guilty of the body and blood of the Lord. But let a man examine himself, and so let him eat of that bread, and drink of that cup." 1 Corinthians 11:27, 28.

Q—There are so many counterfeit prophets in the work, why, in your message over the air, don't you warn people against prophets? A—The existence of counterfeit pills in circulation does not lead the authorities to warn against the use of money, but rather to the careful examination of it. Jesus said: "Beware of them that come to you in sheep's clothing, but inwardly they are ravening wolves. Ye shall know them by their fruits. Do men gather grapes of thorns, or figs of thistles? Matthew 7:15, 16. Why do the wolves wear sheep's clothing? Why, to pass as sheep, of course. Are we, then, to warn people against sheep because some wolves wear sheep's skins? No; neither are we to reject true prophets because some deceivers are false prophets.

El. Note: Address your questions to the BIBLE QUESTION COLUMN, The Voice of Prophecy, Box 55, Los Angeles 53, Calif. Bible questions of general interest will be answered in this column as space permits.

ONLY ONE REMEMBERS

Speaking of memory, one of the best in show business belongs to youthful (28) comedian Jackie Gleason, performing Sunday nights on NBC. He goes through his entire broadcast without script, a novelty among actors. He is a current leading part in a Broadway show, Gleason learned his trade in two days. After three weeks, the leading lady still was a struggling under a script. The only other personality who works in radio without all the lines before them is seven-year-old movie starlet Margaret O'Brien. She can't read.

The radio misreader, Joseph Danziger, can't remember the names of associates of the air, he has such a poor memory. Until intimates explained, people thought Danziger had gone "high hat."

VERY LITTLE THINGS

Frank Morgan does well on the side trading in prize cattle. Now that he has his own Thursday night radio show (NBC), he looks around his place, a ranch near Hermosa, California, in the old mission country, caring little whether he goes back to the comparatively tough work of movie making. Bob Hope has six brothers, none famous or possessing an unusual sense of humor.

Network singer Morton Downey, like James Melton, started professionally in music playing a sax. So did Lew Ayres and Fred MacMurray. Cliff Arquette, on a midday Blue network radio show, "Glamour Manor," has the largest file of jokes: 300,000. But, next to Fred Allen, Arquette, probably, worries most about material.

The form should be mailed or taken to the nearest Veterans' Administration Office, with Notice of Death, and a statement that a flag has not been received. Senator Andrews is anxious that those who have not received flags arrange to obtain one at the earliest moment and will assist to the fullest extent in that connection. "My heart goes out to the bereaved families throughout Florida and the nation," Senator Andrews said, "and while I realize only too keenly the futility of words in moments like these I join with them in their sorrow."

Loma Ruth Housley Married in New Zealand

Rev. and Mrs. Edwin Housley, pioneer missionary pastor and wife, announce the marriage of their daughter, Loma Ruth, on August 2 to Rev. Harry Haines, a British resident of New Zealand, at Chengu, China.

Loma Ruth was born during the time her parents were serving as missionaries in the Philippines and spent her childhood and first school days in South Bay.

She took her college work in Kentucky and her master's degree in New York City. She was serving in Chengu as a missionary for the Woman's Division of Christian Service Foreign Missionary Society. She left San Francisco October 14, 1940 and lived in the Philippines among her parents former parishioners, also at Singapore and Penang. She was stationed for eight months in Rangon as Dr. Mantons assistant in the English speaking church, leaving there for Chengu just two days before the city was bombed by the Japs. She made the journey by auto over the Burma Road, spent a year in the language school at Chengu and was then assigned regular work.

Rev. Haines was in China with the China Inland Mission of the Baptist church. Since their marriage they have both been assigned work at Grace church on the campus of the University at Chungking as teachers among the students.

"SERVING THE GLADES"

**Meet our COMMISSION AGENT!**

He's one of the finest and one upon whom we set great store in these strenuous days of wartime transportation. He's a one-man team, this fellow—a bus line complete in himself... ticket agent, dispatcher, baggage man, traffic manager, information center, all in one. His days are pretty lively. Naturally he is a very important man to Florida Motor Lines, and to those who must travel.

Because he knows a lot of people, our agent is respected by a lot of people. His knowledge of intercity transport problems and travel service is truly amazing... and yours for the simple asking. That's why he is a key man in ours and every other bus line operation—why he's so well worth knowing by all who travel. Meet him—and let him advise you regarding any bus trip you plan.

**FLORIDA MOTOR LINES**

## BETWEEN THE ROUNDS

**BREAK CLEAN . . . COME OUT FIRING!** Who says the age of chivalry is dead and modern machinery has taken the romance out of war? Top: W. J. Whan, City, show that Canadian tankers at least still abide by the code d'etiquette and pistols at dawn are not found only between the pages of books. It is all clean fun and the lethal weapons are a couple of sovereigns sidled up in a wrecked German position. The boys are relaxing between bouts of slugging it out with Jerry with much more dangerous weapons than these.

**WHAT A LETTER!** Major M. E. Meers, Calgary, top right, is not studying a map of a battlefield—it is a 6472 word letter from his wife. The Major believes he has some kind of a record on his list. "I was pleased to get it," he said, "but, man, oh, man, now I have to answer it!"

**THE WINE RAN RED:** Strong drink is no respecter of persons not even this so-called "Super-man." This Jerry prisoner, lower right, drank too much "Calvados" (distilled apple cider to you), and the war became just a ray dream. L/Cpl. Charlie Pearce, Toronto, Canadian Provost Corps, and Sapper Bill Cooper, also of Toronto, wonder just how long he will sleep.

**THROUGHOUT** the Summer Camps, fighting with the British in the Caen area of Normandy, have been showing their way through some of the heaviest and fiercest resistance of the war. But the smart and hardened, they are now old-timers in combatting enemy guns, mortar fire, machine-guns, and the like.

First real action for the Can-

dians in Normandy came with the drive on Carpiquet, a prelude to the push into Caen. There they faced the greatest mass of German troops so far concentrated on a narrow front—troops which included the cream of Nazi strength, a fanatical Hitler Youth formation.

The village was to be taken by the Quebec and Maritime units, the hangers at the south end of the airfield by the western Canadian-

and the administrative buildings by the Ontario infantrymen. Pierce tank battles prepared the way for the infantry. Wading through breast-high wheatfields in the face of 100,000 shells poured into them by Nazi guns, but with magnificent support from allied warships pounding enemy positions from the sea, and air support from allied planes, the important village and finally the airfield were taken.

gomery, Ala.

Ronnie, daughter of Mr. and Mrs. W. G. Bowen, is quite ill.

Mrs. Earl Walker has returned from Panama City where she visited her brother, Bill Frame, U. S. Navy 2/c, now stationed at Pensacola, and her sister, Mrs. Alton Byrd and family.

Robert Barnes of Lake Worth now employed at Lake Harbor, visited his brother and family, Mr. and Mrs. Brown Barnes on Monday.

George A. Von Zellwood, was in the Glades on business last week and took supper with Mr. and Mrs. G. J. Barstow at South Bay and spent the night with his brother-in-law, John Kettl and wife at Clewiston.

Mrs. Marvin Miller and infant daughter, Brenda Sue, have returned from the Good Samar-

Allister who investigated the accident. The car evidently went out of control and rolled 46 1-2 feet before turning over several times. The car, which belonged to N. C. Jones, was badly damaged. Mrs. Green's condition is critical.

### SOUTH BAY BEAN CITY LAKE HARBOR

Cpl. Floyd Abstein has returned to his station in Maryland after visiting his wife and infant daughter at the Palooka hospital. Mrs. Abstein and baby, Judith, Eileen, returned from the hospital Monday to the home of her parents, Mr. and Mrs. W. C. Allen.

Mrs. L. O. Ratley is leaving the last of the week to visit her father, W. J. Ming, in Mont-

## South Bay PTA Entertains Faculty

The Parent Teachers Association of South Bay entertained the faculty at a reception following the first regular program session of the season at the school auditorium Monday evening.

Minutes of three executive sessions were read by the secretary, Mrs. Lucille Walker. Mrs. R. I. Lovell presented the treasurer's report and J. W. Strickland the auditors report.

Principal H. S. Emery led the discussion on school cafeteria problems and the cafeteria financial report was made by Mrs. Edythia Eckman. It was decided to sponsor a Halloween Carnival and the president appointed the Rev. David Lynn, chairman. Mrs. E. E. Dasher and Principal Emery and teachers on the carnival committee.

Mrs. O. H. Martin, chairman of the program committee, introduced School Board Member Carmen Salvatore who gave an interesting talk on "The Palm Beach County School System."

Members of the faculty were introduced by Principal Emery and rousing songs were presented to Mrs. Edythia Eckman.

## HEADACHE IS SUCH A BIG LITTLE THING

ALL SET for a good full day's work when a nagging headache sneaks up on you. You suffer, and so does your work.

Ready for an evening of relaxation and enjoyment—a peppy headache interferes with your fun, rest, enjoyment or relaxation.

**DR. MILES**  
**Anti-Pain Pills**  
usually relieve not only Headache, but Simple Neuralgia, Muscular Pains and Functional Monthly Pains.

"Do you use Dr. Miles Anti-Pain Pills? If not why not? You can get Dr. Miles Anti-Pain Pills at your drug store in the regular package for only a penny apiece and in the economy package even cheaper. Why not get a package today? Your druggist has them. Read directions and use only as directed. Your money back if you are not satisfied."

Mrs. O. H. Martin, Mrs. Olga Hardy, Mrs. E. M. Parsons, Miss M. Murphy, teachers and Mrs. J. V. Strickland, president of the association. Boutinieres to Mr. Emery, W. C. Allen, school trustee and Carmen Salvatore.

Refreshments were served in the cafeteria by the hospitality committee, Mr. and Mrs. M. C. Vowell and Mrs. E. E. Dasher, to guests, members of the faculty and patrons of the school attending.

## CINEMATIC CHATTER

By Malcolm Miller

The Sunday-Monday offering for the Everglades Theatre is decidedly a swing away from the war propaganda and adventure pictures and it should prove very entertaining, especially to those who are more interested in the laughing side of life than the tearful side.

This picture, although it does seem to have something to do with the present conflict, as its title is "Hey Rookie", is definitely a musical show. It stars Ann Miller and Larry Parks and east. I believe you'll go for it.

For the Tuesday-Wednesday offering I find a double feature with the first picture to go to bat "The Navy Way", which stars Robert Lowery and Jean Parks. The setting is the Great Lakes Naval Training Station and the whole thing is a rollicking comedy that will please everyone.

The second show up is "Nearly Eighteen", which stars Gale Storm and Rick Vallin with Bill Henry, Luis Alberni, Ralph Hughes, Jerry Rush, George O'Hanlon giving the picture a lift with their clever performances. This is also a comedy which should give you a very nice evening at the theatre.

Thursday-Friday also features a double header. The first picture listed, "Passport to Destiny" with Elsa Lanchester and Gordon Oliver starred, looks very good, according to the press books.

The picture is British, and has to do with a charwoman

## BIBLE QUESTIONS ANSWERED BY THE VOICE OF PROPHECY INTERNATIONAL BIBLE ADVERTISERS

Question—Do you think the time will ever come when all the people on earth will believe in God?

Answer—Not only will all people on earth believe in Him, but they will praise Him too, according to Revelation 5:13: "And every creature which is in heaven, and on the earth, and under the earth, and such as are in the sea, and all that are in them, heard I saying, Blessing and honour, and glory, and power, be unto Him that sitteth upon the throne, and unto the Lamb for ever and ever."

Q.—What is your advice to a man who is under conviction that he should live a better life?

A.—We can only reply in the words of the Scripture, Acts 2:38: "Repent, and be baptized every one of you in the name of Jesus Christ for the remission of sins." And Acts 16:31: "Believe on the Lord Jesus Christ, and thou shalt be saved, and thy house."

Q.—Simon Peter and the apostle Peter the same person?

A.—Yes, and the proof is found in Matthew 16:2: "Now the names of the twelve apostles are these: The first, Simon, who is called Peter, and Andrew his brother; James the son of Zebedee, and John his brother;" etc.

Q.—Can bingo and other games be used to raise money for church expenses?

A.—They can be so used, but it seems that the real question is "Should they be used." The divine plan for church finance is based on tithes and offerings. (See Malachi 3:8-10.)

Q.—Does the Bible uphold the divinity of Christ?

A.—The divinity of the Son of God was shown—

1. In His creative power. "For by Him were all things created, that are in heaven, and that are in earth, visible and invisible, whether they be thrones, or dominions, or principalities, or powers: all things were created by Him, and for Him." Colossians 1:16.

2. By His power to perform miracles. "And when He thus had spoken, He cried with a loud voice, Lazarus, come forth. And he that was dead came forth." John 11:43-44.

3. By His right to lay down His life and take it again. "Therefore doth My Father love Me, because I lay down My life, that I might take it again." John 10:17.

4. By His being recognized as God. "But unto the Son He saith, Thy throne, O God, is for ever and ever: a sceptre of righteousness is the sceptre of Thy kingdom." Hebrews 1:3.

5. By what He endured for fallen men. "But He was wounded for our transgressions. He was bruised for our iniquities: the chastisement of our peace was upon Him; and with His stripes we are healed." Isaiah 53:5.

Space forbids giving more reasons here.

Ed. Note: Address your questions to the BIBLE QUESTIONS COLUMN, The Voice of Prophecy, Box 55, Los Angeles 51, Calif. Bible questions of general interest will be answered in this column as space permits.

## THE FLORIDA NATIONAL GROUP REPORTS TO ITS DEPOSITORS

## Here's How Florida National Group Banks Participate in City-County Financing

AS every taxpayer knows sorrowfully, it takes money to run Florida's cities, towns and counties, to build roads and streets, and to operate schools.

Where does this money come from? Taxes? Yes—finally. But when expensive public improvements have to be made, it is rarely feasible to raise the sum immediately needed by immediate taxes. So the political sub-division planning the improvements issues bonds which are simply long-term promises to pay, secured by taxes. Then it looks around for customers.

Somebody has to buy these bonds to provide cash for the work. The 15 banks of the Florida National Group have been among the best customers of Florida's cities, towns and counties.

Today, the 15 member banks of the Florida National Group own \$19,505,575 in bonds issued by 34 different Florida counties and dozens of communities and special tax districts.

While we bought these bonds because we believed them to be good investments, we take pride, nevertheless, in the knowledge that we have placed over \$19,500,000 at the disposal of Florida communities for improvements that contribute to Florida's progress and make our state a better place in which to live.
